

SBPO eNewsletter

July 15, 2021 - Vol. 34

The Small Business Programs Office (SBPO) works to promote and integrate small businesses into the competitive base of subcontractors that support space exploration, scientific discovery, and aeronautics research at JPL. The SBPO is committed to being a trusted NASA Small Business Advocate.

Announcement

JPL rolls out a new prescreening process for Machine Shop & Fab Support Services

A new pre-screening process is in place for Small Business Concerns with fabrication/mfg. capabilities. Please complete a Machine Shop & Fabrication Support Services Questionnaire. All submitted questionnaires will be reviewed internally. SBPO will follow up with relevant suppliers that successfully qualified via the pre-screening process. At a later date, SBPO will engage JPL end-users for one-on-one meetings with relevant suppliers for further screening. Capabilities statements attached to the completed questionnaire are also welcomed. Visit <https://acquisition.jpl.nasa.gov/opportunities/> for the Questionnaire.
